A BIG BATTLE IS IMMINENT

Tokio Dispatches Indicate That Another Great Battle Will Soon Be Fought With Japanese Assuming the Offensive.

London, Oct. 22.—The Times' Tokio correspondent says that dispatches from Oyama's headquarters seem to indicate the Shaksi river as the immediate objective of the original advance and that appearances suggest that another great battle is imminent in which the Japanese assume the offensive.

St. Petersburg, Oct. 22.—5 a. m.—The rival armies of Russia and Japan, intrenched a short distance from each other south of the Shaksi river, are forced to continue inactivity until the fine weather now prevailing dries the sodden ground and the two warriors are sufficiently rested to resume operations.

A dispatch from Mukden to the Associated Press reports that the Russians yesterday outflank Shengshuipao to a commencement of massive strength and the assuming village, the Japanese feebly responding. The news shows that Shaksi station is not held by the Russians.

Russian correspondents report that some regiments of the Fifth Siberian corps have been engaged in slight skirmishes on the advance line the past few days. The fact that the First and Fifth Siberian corps are the only corps hitherto unmentioned in reports of the fighting in October is shows that General Kuropatkin has sent the reserves to the trenches, giving other much tried corps a thorough rest. Meanwhile the Cossacks are raiding the Japanese lines.

It develops that after the Lone Tree hill rout the Japanese were unable to remove a number of cannon in addition to those left on the hill. Up to the present Cossacks have got three of the cannon. The dexterity of the Cossacks in this sort of work was repeatedly illustrated during the [illegible] winter. On one occasion they abstracted the artillery harness, disabling all the batteries of their rival combatants.

Fired on Shaksi Station.

Mukden, Oct. 21.—5:20 a. m.—The Russians on Thursday opened an artillery fire on Shaksi station, where there seemed to be a Japanese outpost watching the Russian movements. The guns firing on the village of Lama-[illegible] were trained on the station. The Japanese replied languidly. The weather today is fine and sunny with a cold, biting wind. There was a severe frost last night.

JAPANESE ARE REPORTED TO BE PREPARING TO RETIRE

St. Petersburg, Oct. 21.—5:30 p. m.—[illegible] general staff has [illegible] that the situation at the front had been quiet all day.

The admiralty has not [illegible] confirmation of the report from Chefoo that Russian ships in the harbor of Port Arthur have been damaged by Japanese shells, as the blockade has been effective enough to prevent the receipt of official information.

The admiralty says there was no intention apparently to [illegible] the Associated Press report that Admiral Wirren has succeeded Rear Admiral Ouktomsky as commander of the Port Arthur squadron. What the note intended to deny was the story circulated abroad that Prince Ouktomsky had been deprived in favor of Admiral Wirren at a meeting of General Stoessel and the other high military and naval officers after the return of the squadron to Port Arthur, August 10.

Admiral Wirren is now in command of the squadron and no news has been received regarding Prince Ouktomsky. It is rumored he is still at Port Arthur, but will proceed to sea soon.

Satisfactory reports have been received by the admiralty of the progress made by the Baltic fleet. The stoppage at the Swedish coast within a few days of leaving a large port was due to the necessity for filling up all the bunkers for a long trip through the North sea to the Atlantic, where the fleet will not find convenient coaling points. Neither the last stopping place nor the spots has been revealed. These points are [illegible] by Vice Admiral Rosestvensky's sealed orders, which, however, it is known, give him wide latitude in this matter.

The Bourse Gazette dispatch from Mukden which yesterday reported a number of [illegible] engagements and a Japanese retreat, says there has been no fighting for three days. The correspondent adds that the Japanese are displaying great activity and says a Japanese prisoner declared they are preparing to retire along the whole front. The correspondent further adds that three more Japanese guns were captured during the night raid of October 15.

ORATORY AT SUGAR CITY

ATTORNEY GENERAL MILLER AND HON. L. C. HENRY WERE SPEAKERS AT RALLY IN OTERO COUNTY.

Pueblo, Oct. 21.—A special to the Chieftain from Sugar City says one of the most enthusiastic Republican love feasts ever held in Sugar City took place tonight.

Attorney General N. C. Miller and Hon. Lyman C. Henry were the orators of the evening, and the Republican voters of Otero county, who turned out en masse to hear the distinguished Republican orators, were very enthusiastic and the remarks of the speakers were constantly interrupted by outbursts of applause.

Both Mr. Henry and Mr. Miller outlined their addresses to state issues and explained the situation of Colorado so clearly to the voters present that a large Republican majority will probably be polled November 8.

SENATOR LODGE REPLIES TO SENATOR CULBERTSON.

Quincy, Mass., Oct. 21.—Senator Lodge in a [illegible] speech here tonight replied to Senator Culbertson of Texas, in his speaking on Friday at Faneuil [illegible].

Mr. Lodge defended the course of the administration and paid a high tribute to the [illegible]

DETECTIVES IN A BLOODY FIGHT

St. Louis, Mo., Oct. 21.—In a fight between detectives and men whom they sought to arrest in Pine street, Detective John J. Shea and Thomas Dwyer [illegible] of the men they were after, were killed, Detective James [illegible] was wounded and captured. The detectives were met by a revolver fire from the men as they entered the house.

Shea was first to fall. Dwyer and McClusky returned the fire of the men. Dwyer died after an ambulance had started with him to the city hospital. McClusky was badly wounded.

LEADVILLE MAN DIES IN ST. LOUIS

St. Louis, Oct. 21.—While standing at a telephone in his room at the Buckingham hotel today endeavoring to summon assistance, Albert Sherwin, of Leadville, Colo., [illegible] dead from heart failure. Mr. Sherwin's son, William, was standing in the hotel office when the operator called to him, saying: "Your father says he is dying and wants to speak to you."

Young Mr. Sherwin, without waiting to go to the telephone, hastened to his father's room and found him lying dead on the floor immediately below the wall [illegible]

Think of It, Voter!

Is there anything more absurd in this campaign than the [illegible] of the Democrats, Populists, the Moyer-Haywood-Pettibone element, dynamiters, and Debs' [illegible] all marching under Alva Adams' banner [illegible]

BUSINESS MEN TALK STRAIGHT TO POINT

Presents Some Interesting Facts and Figures.

THREE SPEAKERS

Issues of Campaign Clearly Defined---Sentiments Applauded.

The most enthusiastic rally yet held in this city by either party was that under the auspices of the Business Men's campaign club at the court house last night.

The court room was crowded, every seat in the body of the room being occupied as well as every seat inside the bar, including the jury box and witness stand, while many stood in the back of the room and at the side door.

William A. Platt, state commissioner of printing, was chairman of the meeting and Judge Kunzel R. Babbitt and Attorney George Gardiner, of this city, addressed the meeting and were greeted with rounds of applause. Mr. Platt's speech was purely technical and statistical, but was clearly put and made a deep impression. Mr. Gardiner spoke very briefly at the start, discussing general state issues. Judge Kunzel R. Babbitt dealt with the law and order issue and he was time and again interrupted with applause.

An Eloquent Indictment.

George M. Irwin, president of the club, presided and briefly introduced each speaker. Mr. George Gardiner spoke first but occupied only about 10 minutes. He spoke of the stand Governor Peabody had taken for the maintenance of the law and eloquently indorsed his strong stand for order in the turbulent Cripple Creek district, which had resulted in the peace now enjoyed there.

Mr. William Alexander Platt was next introduced and spoke at some length on the state administration of which he is a part. Mr. Platt devoted some little time to a comparison of the administration of [illegible] with that of [illegible] and [illegible] by Ex-Governor Haywood, with Democrat W. Haywood, the present Democratic candidate for that office as chief deputy, with the administration of that office by the present incumbent, James Cowie. He spoke of the [illegible] department of this office which is one of the very important features.

Sad Condition of Affairs.

"When the [illegible] came into office under Governor Orman's administration, he found the [illegible] in very bad shape. They were in such a sad condition that the legislature passed a measure calling for a re-registration of all brands in the state.

"The brand is the evidence of ownership in cattle or horses, and it [illegible] now given the same [illegible] that claim all the cattle in the others. This law [illegible] its importance. Under Governor Orman's administration [illegible] brands [illegible] and [illegible] the [illegible] is almost perfect and gentlemen express great satisfaction.

Mr. Platt called the attention of those present to the fact that the present Democratic candidate for Mr. Cowie's position had charge of this department when it got so badly [illegible] Speaking of his own department, with which he is most familiar, Mr. Platt said in part:

"There was a great scandal about printing in Denver two years ago. When I went into office as commissioner of printing it was right in the midst of the legislative session.

"I then commenced to find some interesting [illegible] For instance: The contract called for a price of $3.35 per thousand, but I found [illegible] were being furnished at $5.80 per thousand. They are now being furnished according to contract. I quickly discovered that hardly anything was being furnished exactly under the contract.

Some Interesting Items.

"I was going to get out some visiting cards for the legislature but I found that they cost $11 per thousand. The [illegible] were in [illegible] and [illegible] were being furnished according to contract. I quickly discovered that hardly anything was being furnished exactly under the contract.

REMAINS OF UNKNOWN MAN FOUND KILLED NEAR ROSWELL NOT THOSE OF ONE WHOM WIFE SEARCHES.

The body of the unknown man who was found dead on the Rio Grande tracks near Roswell Sunday night was taken from its grave in Riverside cemetery yesterday and exposed to the view of Mrs. H. E. Atchison, of Denver. She satisfied herself that the man was not her husband.

Mrs. Atchison came down from Denver yesterday, having read the story of the finding of the unknown man and the description of him. As her husband has been missing for some months and as he had his left thumb cut off Mrs. Atchison thought he might be the man who was killed at Roswell. His [illegible] had been [illegible] from his hand.

Mrs. Atchison thought the [illegible] might be mistaken but he said [illegible] that he was not. She said she had a letter [illegible] at Roswell not long ago and found that, while the [illegible] was positive he had two thumbs, one of the [illegible] was [illegible]. This was not her husband, [illegible].

Gridiron Contests

TIGERS TO BUCK SCRUBS

At 3 o'clock this afternoon the Tigers will line up for the last practice game of the season, preceding the series of championship contests that commence when Boulder comes down next Saturday. The opposition to the varsity eleven will be the second team, reinforced by a few players.

The game was scheduled as the closing game, but Manager Hester has found it impossible to get enough of the old-timers back. Siddrath Frost, who has been playing in Tiger scrub lineups and who was known as center years ago, will be in the line for the Tigers, one of the best men that ever played in the state, with pantaric pluck as well. East Cowie, the halfback, Dan Griffith yesterday wrote that he would be unable to come.

Coach in Game.

Coach Dunn will go in at right end and there will certainly be something doing when the game runs from whistle and whistle of mine, the Tigers' opponents will come from the scrubs. It will nevertheless be a game worth seeing, if only to show the local enthusiasts the kind of a game that the Tigers are playing and what they can put up in the race for the championship that will be on in earnest seven days hence. In the longest practice of the season, neither the first nor second team was able to score last night.

Several Men Out.

A few of the regular first team men are out of the game temporarily with several who regularly play with the reserves installed in the varsity, to make it the more interesting. It would, therefore, not be surprising to see the second team score against the varsity.

With the Bowlers

Seven straight games from the Rolling team last night, and at the finish led by 191 pins. The Robbins team presented a strong lineup, but lost straight across the board and in totals as well. Scores:

TANGEE AND SATYPO WENT OUT FOUR TO A DRAW

Milwaukee, Oct. 22.—Young Tangee, of Chicago, and Young Skyrm, of Milwaukee, fought a 10-round draw before the Milwaukee Athletic club tonight.

The bout was fast and furious from start to finish. In the fourth round Tangee had Skyrm hanging on by the ropes and received a new-styled advertising.

Skyrm rallied in the fifth and got even in the sixth, doing a little more than Tangee's hard right to Tangee's face. The latter received the worst of the fighting hard when the gong ended the bout.

INTERSTATE MATCH.

New York, Oct. 22.—On the ninth round of what was to have been a 15-round bout, Young Peter Briggs, champion welterweight of New England, tonight knocked out Martin Flaherty, of Lowell, Mass., at the Lenox Athletic club.

HIGH SCHOOL PLAYS PUEBLO

Captain Ward Randolph expects his bunch of High school "Tigers" to defeat Central High school in Pueblo today by at least [illegible] of the local team today will be the same team that defeated Cutler academy last Saturday.

The Pueblo boys are planning a reception for the visitors this evening.

OPTION ON FRANCHISE

Des Moines, Ia., Oct. 21.—Joe Cantillon, of Milwaukee, late manager of the American association baseball team in that city, has secured an option on the majority of the stock of the Western league franchise in this city.

Des Moines is the best paying ball town in the west. The movement is understood to be with the view of ultimately making Des Moines a member of the American association and thereby supplanting a team in that league, probably Kansas City and Minneapolis and St. Paul teams.

HE BROKE TWO WORLD'S RECORDS

Memphis, Oct. 22.—Two world's records were broken today at the Memphis Driving park. C. K. G. Billings, of Chicago, won the driver in each event. Prince Direct and Morning Star driven to pole, lowered the pacing record to pole for a half mile of 1:03¾, by stepping the distance in 1:03¾.

The Monk and Eagle were put against the trotting record to pole of 2:06¼, held by them, and recorded the course in 2:07¾.

A high wind was blowing on the course, which prevented Dan Patch, Major Delmar and Charley Mac Lou being put against time as scheduled.

After finishing the half in their attempt against the record, Prince Direct and Morning Star were matched against the mile track record of 2:03¼, made by Star Pointer, which stands the test for that event, unofficially, which equals the world's record for that event.

BUSINESS MEN TALK STRAIGHT TO POINT

(Continued from Page 1.)

[illegible] did not specify anything but then talked cards and the Press insisted that all cards smaller than 4-sheet went at the price of an 8-sheet. I wasn't willing to pay $11 per thousand for printing cards and we got it down to $7.50 or $8. I forget which. These are technical matters, but they show what has been going on. They are straws.

They Are Paying Heavily.

"They are paying heavily. Almost all record books have to have some special printing on a page so it is impossible to buy them at a stationery store. I found that the state had to be paying from $18 to $50 per book for these. We are now paying from $6 to $10 per book.

"In the matter of blanks I made discoveries even more remarkable. Blanks that formerly cost the state $15 per thousand now cost $3.65 per thousand.

Took Breath Away.

Mr. Platt gave other illustrations of exorbitant printing rates paid by former Democratic administrations. One illustration which took away the breath of the audience was the record book compiled and published under the Buckeye-Haynes administration of a cost of $3.00 for 400 copies, a book which could be reproduced he said, for $2.50 apiece.

Continuing, Mr. Platt gave some interesting figures on the reduction in the cost of printing in different departments, comparing the Orman Democratic administration with the Peabody Republican administration. The [illegible] under Orman were $7,161.61 for printing, under Peabody $2,554.07. The superintendent of public instruction stood under Orman $1,831.01, under Peabody $6,658.41. Mr. Platt said Mrs. Greenlee, who occupied the position under both, said that neither the Orman administration or the never could tell how much a thing was going to cost when the ordered it or how much it cost afterwards, so she was not to blame.

Mr. Platt's address was heartily applauded as he closed with a brief review of the cost of the military operations.

Mr. Irwin then introduces Judge Harvey F. Babbitt as one of the many Democrats in this state who have been disappointed enough to see that the issues in Colorado in this campaign are greater than party and have decided that it is to the best interests of Colorado to vote the Republican ticket in the state this fall.

Gives an Opinion.

Judge Babbitt, making forward, was greeted with sound after round of applause and he facetiously opened his remarks with reference to the applause as being probably more in the nature of joy over the return of the sunshine—but here again he was interrupted with laughter and applause. He then broke into his address with but a word or two of introduction and from the first thrilled his audience. He said, in part:

"I think, after hearing some of the things I have heard on the streets of the city today, the people must have forgotten some things that have taken place around us in the past 18 months. It is strange to me, how good men and good citizens can take the position they do.

"The issues in this campaign were made up long before the candidates were named. It is fortunate for Colorado that the issues are so definitely drawn so that a clear choice can be made. On one side are all the great interests which have built up this state and its industries, the property owners, and I do not mean the wealthy property [illegible] but the people who own humble homes.

The Difference.

"On the other side are many good men, many excellent men, but with them is all the hatred and raging of the mobs (Laughter and applause). The anarchists, the socialists, every shade of extreme political opinion. (Tremendous applause).

"I heard Mr. Hughes grow eloquent over the words of the constitution but he did not say a word about the issue in this campaign. He advised everything but the men who are the anarchists and authors of this trouble." (Applause).

Judge Babbitt then reviewed the trouble from the beginning at Colorado City. "Nobody criticised the governor for sending the troops to Colorado City at that time. No one has offered a criticism of him for that until lately. The petition to the governor was signed by reputable citizens of this community."

The speaker reviewed the work of the governor's commission, which investigated the Colorado City trouble. He told of the proposition for a settlement which was accepted. He told of the second meeting of the commission, 60 days later, to see if the terms of the settlement had been lived up to and he told of the report of that commission to Denver, with a representative of the Western Federation as a member of it, when the commission rendered a unanimous report that the terms had been complied with.

Specific Remedies.

"[illegible] was any evidence for that prosecution?" he said. "No, they said, well maybe you can prove [illegible] in Colorado City and in Arizona. [illegible] in Cripple Creek. [illegible] against the mayor, rounding the mile in 2:03¼, unofficial, which equals the record for that event, unofficially, which equals the record for that event, unofficially, held by Prince Direct and Direct Hal.

PAY CHECKS FOR $1,500

MILITIA BOYS WILL RECEIVE SALARY FOR SERVICE IN TELLURIDE CAMPAIGN TODAY. PAYMASTER GROSS HERE.

Company D, N. G. C., will be paid off for its Telluride campaign of last March and April this afternoon.

Paymaster General F. A. Gross was in the city last night and before he left for Pueblo turned over the checks to Lieutenant E. S. Young, in command of the company, who has issued an order for the men of the company to appear at the armory this afternoon at 2 o'clock to secure their pay.

Today's payment will pay off the company for all its services during the recent labor troubles. There are 15 days' pay due each soldier, amounting to $37 each. This makes a total of between $1,600 and $1,700 to be distributed.

BAPTISTS ORGANIZE

YOUNG MEN OF FIRST CHURCH FORM BROTHERHOOD TO PROMOTE SOCIAL AND RELIGIOUS LIFE.

The young men of the First Baptist church met at the residence of Clyde Carnes, 30 Kiowa, Wednesday evening and effected an organization to be known as the Young Men's Brotherhood of the First Baptist church.

The organization is not completed just right, but will be next Wednesday evening at the church. Fred E. Bullock is chairman of the committee on completing the organization, and Mr. Sachs and Mr. Hooks are the other members. Mark Mosher is chairman of the permanent committee, with Mr. Smith and R. D. Wood the other members.

Following the business part of the meeting, the social was indulged in, and a social time was had. Martin Mosher delivered the oration, "The Work of Doctors," which won the state oratorical last year. Mark Keith gave a vocal solo and Mr. Mosher a piano solo, college songs and a good time followed.

There were between 15 and 20 young men present at the first meeting.

AMUSEMENTS

FREDERICK WARDE AND KATHRYN KIDDER.

Frederick Warde and Kathryn Kidder will appear here next Tuesday evening at Stanislaus Stange's great play, "Shylock." It is founded upon Plumptre's "wonderful power of that name and those who are familiar with this awesome record of passion and remorse, will be prepared for both shocks and thrills. These famous artists will be supported by an aggregation of talent as imposing as that which was identified with the popular plays of Sterling with which school of drama the new star of "Shylock" may be classed.

The production provided by Managers Wagenhals and Kemper with its elaborate ensemble and the mammoth proportions of its scenic effects and unique and brilliant costuming takes its place with "Ben Hur," "Quo Vadis," and other spectacular triumphs of the modern stage. Two of the largest baggage cars are needed for the transportation of the effects and as many coaches for the players who take part in the performance.

The personages of the drama, which is laid in ancient Carthage, once the most powerful republic of the world, will include in addition to the chief characters, warriors from all the civilized and barbarous countries then known, slaves representing all existing nationalities, priests and priestesses of the numerous pagan deities and, the partisan disciples of Carthage itself. The general effect will be enhanced by incidental music specially composed by Mr. Henry K. Hadley, one of the most eminent composers of the present time.

THE NEW EMPIRE.

There was plenty of amusement at the Empire last night, judging from the applause and encores.

The Bailey sisters seem to take even better in their change of act, than before. George Tromp is more and more popular each performance.

Addison and Livingston are going stronger each show and their change of act shows them at their best.

Master Evans' new song is a winner.

Today is children's matinee and tonight is the last appearance of this week's group.

FATHER BENDER ROUNDS OUT HALF CENTURY OF SERVICE

Venerable Priest Celebrates Golden Jubilee of His Ordination, at St. Mary's in Colorado City.

It was 50 years ago yesterday that Father Bender was ordained priest. He quietly celebrated his golden jubilee at St. Mary's church in Colorado City, where he is now temporary pastor.

The "Kyrie," "Gloria," "Sanctus," "Benedictus" and "Agnus Dei" of Rossini's Mass in E flat were sung at yesterday's celebration, the Credo being omitted in anniversary masses unless by pontifical dispensation. Though he could have celebrated the notable event in Cincinnati, the venerable priest preferred a quiet celebration here on account of his infirmities.

Mark of Distinction.

St. Mary's church is now the only church in Colorado in which a priest has celebrated his golden jubilee. Once before it has been celebrated in the ... celebrated in St. Mary's church in Denver. That church has, however, been torn down.

Father Bender is now 72 years old and is fast bringing to a close the 50 years of labor and effort since he was ordained at the age of 22. He has been a priest in Colorado for over half his long career, or for 25 years, and is one of the most venerated priests in Catholic Colorado.

His Long Service.

Father Bender has been in Colorado Springs for a number of years past and it was under his rule as St. Mary's pastor that the growth. He was instrumental in securing the erection of the present handsome edifice on West Kiowa street. In the early days of Cripple Creek, he was one of the men to preach the Catholic church in that rough mining camp.

During his long term, Father Bender has set a splendid example by his blameless and righteousness. His faithful service and attractive personality have endeared him to thousands of his parishioners who have been with him for years.

Just before mass, an incident occurred which might have proven disastrous to the little church. While lighting the candles, the drapery of the altar was accidentally ignited, but the blaze was promptly extinguished by a lady of the congregation.

BISH BOY RUNS AWAY

AFTER TELLING STORY OF DECEPTION AND EVOKING PITY, HE ESCAPES FROM JUVENILE OFFICER'S REASONER.

Wilbur Eich is a bad boy, if what Officer Reasoner says is true, and the story of deception which he told the police is fast fetched.

The lad, who is 16 years old, was picked up by the police shortly after 4 o'clock yesterday morning, suffering from exposure. He had spent the night in an express wagon, sleeping out in the cold and was in a pitiable state when the officers found him.

"My mother has left me and gone to Denver with the Burning Bush people," is the story he told and the hearts of the police were touched. They turned him over to Officer Reasoner later in the day and he was sent home to be cared for by his wife.

"I gave him my word to come, now I have seen neither hide nor wheel since," is what Officer Reasoner said last night.

The Boy's Record.

According to the juvenile officer, the boy has been under his jurisdiction for ... days, having been ... close watch of him. On Thursday he did not return home from school. "About that time both his mother and myself have been looking for him, and I was not surprised when the police found him."

Where Wilbur Eich was last night neither the officers nor his grandmother, who lives on East Platte avenue, knew.

Mrs. Stephens is a widow, which may explain why she was chosen for a victim. Mr. Stephens says she never saw the man before, but from the story he told her she was politicked at the time that he "really was an old friend of the family, and was persuaded to let him have the contract."

The opinion was expressed yesterday that others have been victims of this man or else have been approached and suspecting his "game" have turned him down. It is not known, however, that anyone has lost by his presence in the city, but the case with its Colorado City connection, presents a mystery that has stirred that town, and Manitou, to a desire to bring the guilty ones to time.

PROGRAM FOR ANNIVERSARY

SERMONS AND THEIR SUBJECTS AT PARISH HOUSE DINNER MONDAY NIGHT—A NOTABLE OCCASION.

The First Congregational church will celebrate on Monday evening, Oct. 24, the thirtieth anniversary of its organization by a dinner to which all members of the congregation are invited. The dinner will be served in the parish house at 6:30 p. m. After the dinner, Mrs. F. L. Rouse, one of the charter members of the church, will read a paper on "Our Church's Birth."

Professor J. H. Ryce, formerly professor in Colorado college, will read a paper on "Days When Colorado College Was Not in Power." Rev. Benjamin Brewster will bring greetings from "The Oldest in Our Sisterhood of Churches—Grace Church." Rev. E. W. Work, D. D., will respond to the toast, "Presbyterianism and Good Citizenship," and Dr. James B. Gregg will conclude with a few words on "The Past, the Present and the Years to Come."

A very pleasant occasion is anticipated.

OFFICERS FORGO WALTZ'S WHIRL

MILITARY DISCIPLINE INVOKED WHEN SOCIETY'S PLANS FOR THE ARMY MEN—SOLDIERS CAMP AT ROSWELL.

The second infantry regiment, U. S. army, arrived in this city yesterday afternoon from Pueblo.

Upon their arrival the soldiers marched to Roswell where they are encamped a little north of the race track. A practice drill was held yesterday afternoon. The main feature of which was the battalion regular drill between the picked companies. A large number of Springs people witnessed the drill and were well pleased with the exhibition.

The reception and dance which the Country club had planned to give last evening to Colonel Mansfield and his officers was given up on account of the inability of the officers to attend. The army regulations are very strict in this matter, only a few officers being allowed to leave camp at one time, while the corps is away from its regular station.

The soldiers report a successful trip and the best of treatment in Pueblo. They will leave Monday for Fort Logan.

Brigadier General Frank D. Baldwin, commander of the department of Colorado, is expected to arrive this morning to visit the camp and witness the maneuvers. These will consist of a review and inspection this afternoon at 2 o'clock and probably a sham battle this morning.

The regiment has 1,000 rounds of blank ammunition with them and will have the battle if General Baldwin consents.

JURY SPLIT EVEN FOR AND AGAINST

Twelve Men Who Heard the Sensational Ong-Cochem Case Spent 23 Hours Trying to Agree on Verdict and Failed.

"We are evenly divided as to a verdict for the plaintiff or for the defendant and there is no hope of us agreeing," said Foreman Hill, of the Ong-Cochem jury, yesterday afternoon, when Judge Lewis summoned them to the court room after they had been out 23 hours.

"Is there any point of law upon which you need further instructions from the court?" asked Judge Lewis.

"No, the law is clear to us, the judge's instructions were very clear, but the trouble is in weighing the testimony."

Judge Lewis sent the men back to the jury room and told them to see if it were not possible to agree, but the jury came in 15 minutes and said there was absolutely no chance in the minds of the 12 men and that they could never agree.

New Trial Necessary.

Thus the sensational suit for alienation of affections in which a statutory crime was charged, resulted in naught and must be tried again.

Judge Lewis, feeling that it was useless to keep the jury locked up any longer, and being satisfied that the 12 men had made an honest effort to reach a verdict discharged the jury.

The case has been the most sensational case tried in the local courts and the failure of the jury to agree was a matter of disappointment, not only to the attorneys and their clients, but to many others who had watched the progress of the case.

A Dramatic Trial.

Mrs. Bessie Ong sued for $20,000 damages, that a statutory crime, alleged to have been committed by Dr. Frank N. Cochem, one of the best known physicians of the state and who is surgeon for the Rio Grande at the Salida hospital, had become known to her husband and had caused the alienation of his affections. The defense denies blackmail and the case was fought bitterly on both sides, some of the best legal talent in the state being engaged. The court room was crowded throughout the trial and there were many dramatic incidents. Mrs. Ong's mother fainted and had to be carried from the court room during the rigorous cross-examination of Mrs. Ong by Attorney Richardson, but the defense claimed this was part of the program of the plaintiff to arouse the sympathy of jurors and spectators.

Many Ballots Taken.

The jury commenced deliberating on the case at about 7 o'clock Thursday night, just after supper. The first ballot showed six to six. The instructions were read and the evidence was reviewed and another ballot was taken, resulting once more six to six. The again was spent in hearing the court the instructions being read and the third ballot showed no change.

The jury then went to bed to sleep over the case and the men were called early yesterday morning for breakfast. After breakfast another ballot was taken and still no change. During the morning the evidence was reviewed and reviewed but six jurymen believed the testimony of the plaintiff and six that of the defendant and their point of view could not be changed.

So it continued until about 4:15 in the afternoon, when Foreman Hill sent word to Judge Lewis telling him there was no chance of a verdict. The jury was called, and back and brought in again and was then discharged.

Different View Points.

"We could not agree in a thousand years," said one of the jurymen later. "It was just a case of having our minds made up as to which was right and which was wrong and we split even on the proposition. We talked at it from different standpoints and there you are."

The case will be set when the docket is called at the next term of court and will be tried over again, unless some other action is reached as to the points at issue.

WOMAN SPEAKER AT RED LETTER RALLY

Republican Candidate for Superintendent of Instruction Will Appear on Platform With Governor Peabody.

The local Republicans are becoming more and more enthused over the big rally of the campaign which is to take place at the Temple theater Thursday night.

Governor James H. Peabody and Attorney John M. Waldron have already been announced to be here and yesterday word was received from the state headquarters at [illegible] Craig, the Republican candidate for state superintendent of public instruction will also be here.

This will be probably the most interesting meeting ever held here in a political campaign. Details for the monster parade that is to precede it are rapidly being completed. It will be the "red letter" event of the campaign.

RALLY OF VOTERS AT PALMER LAKE

The Republican rally tonight is at Palmer Lake.

A big party of local workers and all the county candidates will go to Palmer Lake on the afternoon train and return on the midnight train.

Judge Robert Kerr, Clarence P. Dodge and John R. Stephen will make the addresses. Reports from Palmer Lake yesterday indicate that much interest is being displayed in the meeting.

ONE TON OF ORE IS WORTH $75,000

Richest Shipment of High-Grade Ore Ever Sent From the Cripple Creek District Will Leave the El Paso Sunday.

Special to the Gazette.

Cripple Creek, Oct. 21.—The richest single shipment of high-grade ore ever leaving the district will leave the El Paso Consolidated company on Bennett hill Sunday night when one ton of ore will be sent out valued at $75,000. The shipment alone is more than enough to pay the year dividend. It is double this month what it has been heretofore.

The El Paso Consolidated company now has in the neighborhood of $150,000 in its treasury and besides paying a $50,000 dividend this month, the company will put an additional $100,000 in the treasury, making a total treasury reserve of $500,000.

The net profits on this property is expected by the company for the month of October will easily reach $150,000 in enough to pay six cents per share in dividends if it were so desired. The company with the little Bessie hill bonanza has ore enough in sight today to maintain the present rate of dividends of $25,000 a month for nearly two and one-half years without opening another pound of ore, which is one of the most enviable records of any mine in the camp.

A NEW COMPANY STARTS TO WORK LEASE ON LITTLE MAY

Special to the Gazette.

Cripple Creek, Oct. 21.—The District Gold Extraction company, a new corporation with headquarters in Denver, has started work on a new 50 ton cyanide mill on the Little May property, under a lease and bond from the Little May Mining company. The company expects to immediately install a cyanide mill of 50 tons capacity which will be so constructed that it can be doubled in size with little expense at any time. Frank J. Brock, who will be in charge of the property and mill has already made several mill tests, finding that the ore can be handled by the cyanide process at a good profit as the

OPHIR MINE TO BE BIG SHIPPER

ASHEY SACKS A WEEK AT NOW GOING OUT AND THIS AMOUNT WILL BE DOUBLED IN A SHORT TIME.

Special to the Gazette.

Cripple Creek, Oct. 21.—The Ophir mine on Ophir hill gives promise of being one of the most valuable properties on that hill. A force of men are now employed and shipments are going forward at the rate of a carload a week, but this amount will be doubled in the course of a short time.

The ore returns values of from three to four ounces to the ton. During the month of November the company expects to be producing ore at the rate of one carload

FOUND RICH GOLD ORE NEAR DURANGO

PENNSYLVANIA MAN PROSPECTING IN THE LA PLATA MOUNTAINS DISCOVERS RICH ASHEY ORE BODY.

Durango, Colo., Oct. 21.—A gold strike is said to have been discovered 20 miles west of this city in the La Plata range of the Rocky mountains.

Colonel Henry C. Demuth, of Harrisburg, Pa., arrived yesterday and, accompanied by Mr. Mineral, a mineralogist of that city, has been working in these mountains near La Plata the last two summers and about a month ago found what might be termed a bed of ore of extremely rich crushed quartz. The mineral was found to average over $50 in gold besides a fair quantity of silver. The colonel ordinarily shovel the ore into bags, no more than six miles.

The bed dips at various angles and has a thickness of from 15 inches to three feet, extending into the mountain about a mile at least. At some places the ore assays over $50 to the ton of gold and silver. One sample runs over $1,500.

Two other veins of great value have been discovered in close proximity to the first named, while development is being pushed where the ore deposits are the richest.
